SUMMARY Charismatic, well educated and self-driven startup professional eager to continue challenging role in production. Strong leadership, strategic planning, and project management skills, having put these skills to the test time and again. Effective at navigating ambiguous problem spaces. Able to create enthusiasm and build confidence in others. Highly effective in social environments, and flexible to changing priorities.

EDUCATION **New York University** – New York, NY Summer 2014
Game Center Summer Program

- Complete theoretical background and project development studio concluding with publishing a game online

Carnegie Mellon University – Pittsburg, PA 2003 - 2007
Bachelor's Degree in Business Administration (Entrepreneurship)

WORK EXPERIENCE **Founder** 2014 – Present
Blackbeard Games Guaynabo, PR
Sole founder of game and app design studio

- Personally recruited and leading an interdisciplinary team to create independent mobile apps and games.

Partner & COO 2013 – Present
Puerto Rico Solutions Guaynabo, PR
Specifically recruited to head up operations, drive business up and represent an emerging consulting firm in Puerto Rico, focused on representing and assisting high profile investors with their business needs.

- Consult with clients to analyze their needs and tailor specific solutions for each individual client.
- Expand the network of clients for the firm.

Founder & CEO 2009 – 2014
Urban Green Solutions Guaynabo, PR
Sole founder and operator of a distribution company for sustainable construction products.

- Successfully negotiated partnerships and trade agreements with national and international companies while overseeing all aspects of contracts with suppliers.
- Managed all projects directly ensuring all projects were completed on time and on budget.
- Designed, created and executed all marketing and promotional efforts including press kits, company catalog, digital marketing and handouts.

Chief Operating Officer 2007 – 2013
Carrerá Arquitectos Guaynabo, PR
Responsible for updating firm's operations to address existing problems, control expenses and budget, identify hidden issues and anticipate future pitfalls.

- Broke down known problems and underlined at that moment, unknown issues that limited productivity and smooth operations.
- Completely overhauled and updated the firm's operating procedures by crafting specific solutions to diagnosed problems and streamlining all operations without disrupting the company culture.
- Established a project management system to markedly improve interdepartmental communications issues and increase company cohesion.
